

Westrin Waithaka Kibaara

Nairobi, Kenya | **Email:** westrinwaithaka04@gmail.com | **Phone:** +254 790470430 **Portfolio:** wess-portfolio.vercel.app | **GitHub:** [Wess-codes](https://github.com/Wess-codes)

Professional Summary

Passionate Full-Stack Developer with 2 years of coding experience and a strong foundation in Computer Science. Specialized in building intuitive, scalable applications and high-performance web solutions using modern frameworks. Proven track record of transforming complex ideas—from healthcare automation to AI-driven video analytics—into user-friendly digital products.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, Python, PHP.
- **Frameworks/Libraries:** React.js, Next.js, Node.js, React Native, Expo.
- **Databases & Tools:** MongoDB, Prisma, PostgreSQL, Git & GitHub, Cloudinary.
- **Integration:** REST API Integration, M-Pesa STK Push Payments, Next Auth.
- **Cloud & AI:** NVIDIA Triton Inference Server, Snowflake AI, Computer Vision Object Tracking.

Core Projects

Fundi254 | Artisan Marketplace Platform

- Developed a dual-role (Client/Artisan) marketplace using **React Native** and **Expo**.
- Engineered a secure multi-step **ID Verification system** with document upload, selfie verification, and local draft persistence.
- Implemented dynamic category fetching and real-time validation to ensure data integrity for over 10+ service categories.

AI-Powered Video Analytics Suite

- Built a tool for CCTV systems to track movement and assets using **NVIDIA Triton Inference Server** and **Snowflake AI** and **Luxuriot**.
- Focused on safety compliance monitoring and people tracking, optimizing for low hardware costs via cloud-based architecture.

CareCrest – Healthcare & Nursing Management System

- Automated hospital workflows including patient profiles and doctor scheduling using modular, reusable components.
- Achieved a **40% reduction in appointment scheduling time** through UX optimization.

Swift Styles – E-commerce Platform

- Integrated **M-Pesa STK Push payments** and Cloudinary storage for a seamless user shopping experience.
- Managed data persistence and analytics using **MongoDB** and **Prisma**.

Work Experience

Web Developer | Estrela

- Delivered client-focused web solutions across healthcare and e-commerce sectors.
- Built and maintained production-ready applications, focusing on responsive design and performance.

Education

BSc. Computer Science | Pan African Christian University

- Expected Graduation: October 2026.
